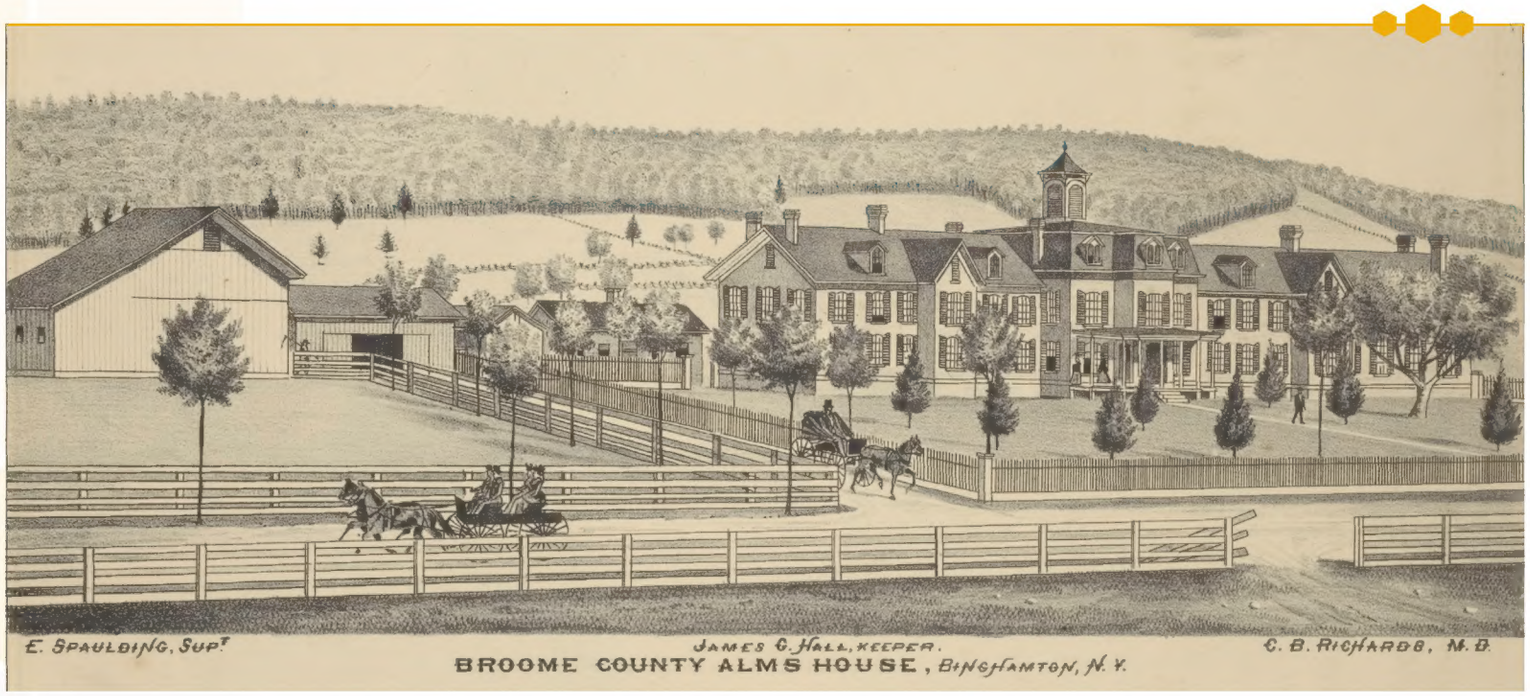
1876 Broome County Poor Farm Etching



This etching is from the 1876 *Combination Atlas Map of Broome County, New York* by Everts, Ensign & Evert.

In February 1954, the Broome County Planning Board considered over twenty sites for a new location for the college after the Armory fire. The final decision was to build the college on land at the County Poor Farm on Upper Front Street.

1948 Tech Talk Newspaper

TECH TALK

"TECH TALK" MAKES DEBUT AS STUDENT PUBLICATION

POLIO DOUBLE HEADER TO BE PLAYED ON TECH COURT

MECH STUDENTS TO MAKE INSPECTION TRIPS

Local Boy Makes Good

Reporter Reviews Reporter's Role

Staff For Second Term Is Announced

CO-OP WORK PROGRAM ANNOUNCED

NIGHT COURSES BEING OFFERED

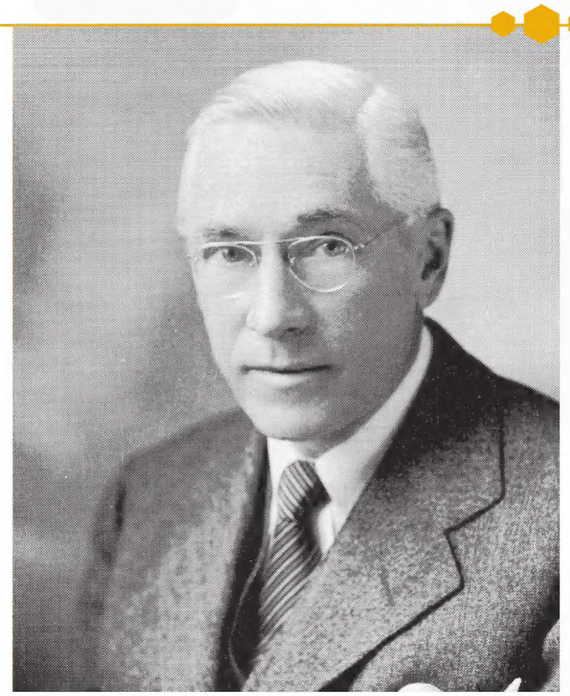
Dance Planned By Student Council

Let's Stop!

Tech Talk, the college's original student newspaper, began in 1948. The front page of Tech Talk Volume 1, Number One shows a drawing of a stork carrying a sack entitled "First Issue."

The newspaper rebranded to The Fulcrum in 1971. That year, the word "Technical" would be removed from the college's name in recognition of the college's growth in additional academic areas such as liberal arts.

1949 Paul Titchener Photo

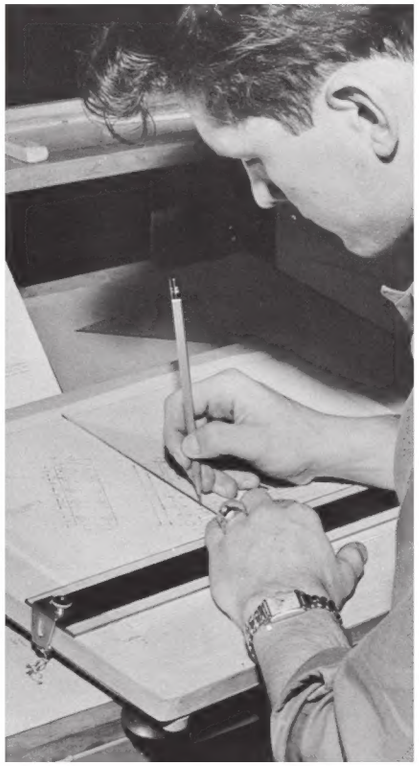


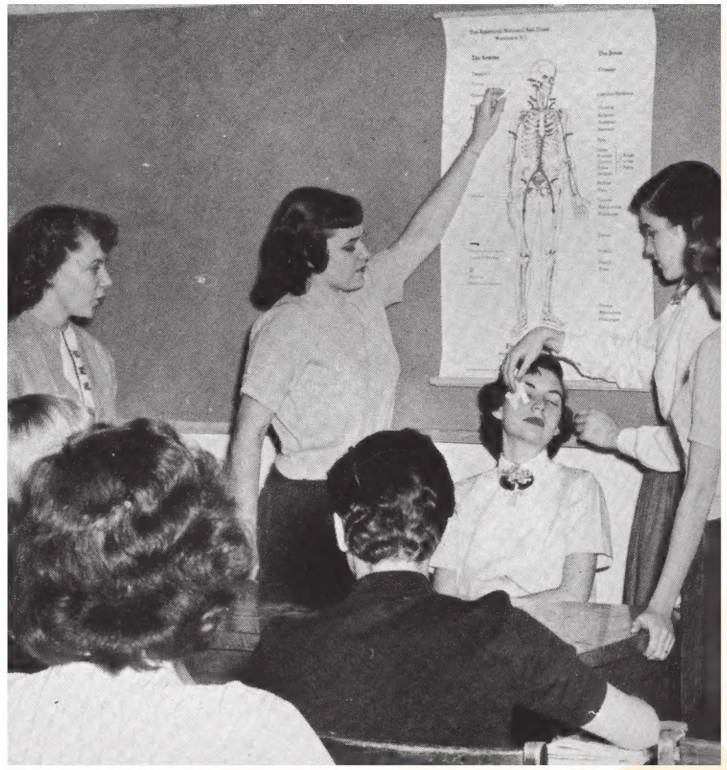
Paul F. Titchener was the President of the Binghamton Chamber of Commerce and was appointed as part of the Board of Trustees of the Institute of Applied Arts and Sciences by Governor Dewey in 1946.

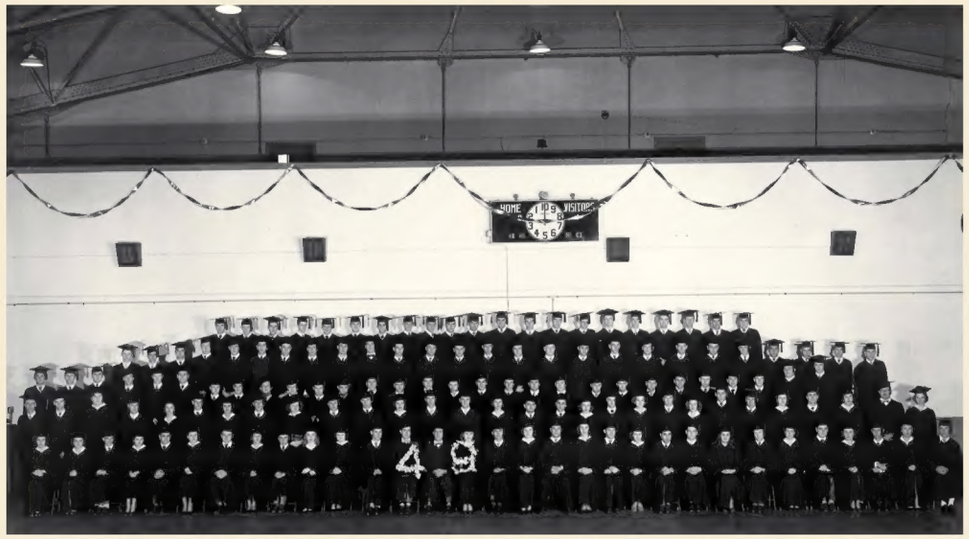
In 1953, he was appointed by the Governor to be a part of the nine-member Board of Trustees. On May 17th, 1955, the first step toward a new Broome Tech was made as ground was broken by Titchener, Chairman of the Board of Trustees. When Titchener resigned as chair in 1957, he remained a board member.

In 1961, a bid of $719,505 was accepted for the construction of the Paul. F. Titchener Hall. In 1963, the building was completed. Titchener died of a heart attack on February 13th, 1963.

1947 - 1953 Photos







1949 First Graduating Class Photo

This photo is of the first graduating class of 1949. Of the first 215 students registered at the college, 63 were World War II veterans, and 139 graduates attended the first commencement exercise in the Armory auditorium.

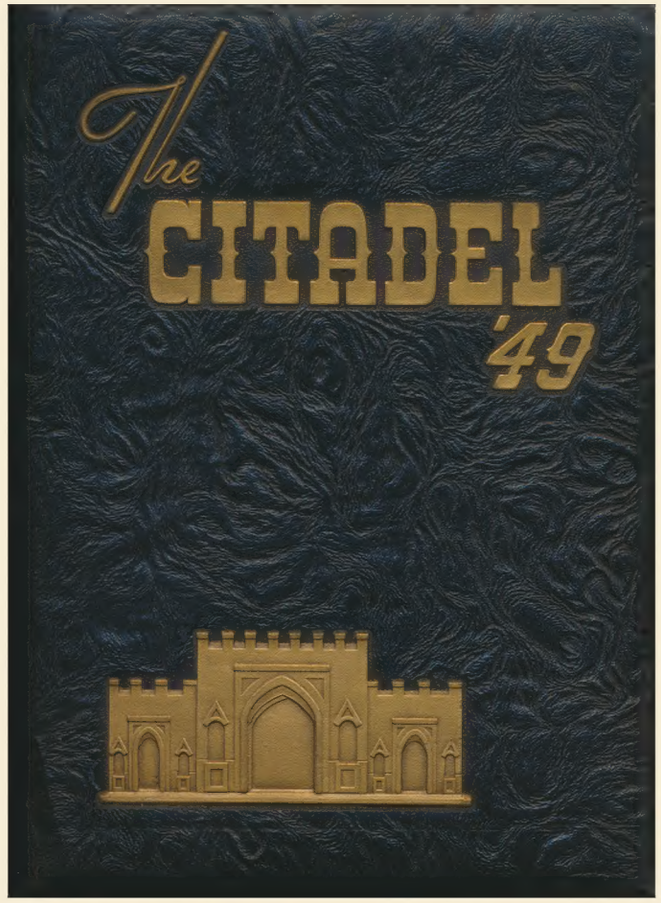
1949 Citadel Yearbook

The college's very first yearbook was published in 1949. The yearbook features students taking courses in the five original majors of Chemical Technology, Electrical Technology, Mechanical Technology, Medical and Dental Office Assistant, Technical Office Assistant, and other general subjects.

Local businesses that congratulated 1949 graduates in the yearbook included: The Binghamton Press, Fowler's, Gale's Wieners, Villa Mia Restaurant, Link Aviation, McLean's, Ansco, The Industrial Bank, Harris Army and Navy, Endicott Johnson workers, Federal Radio Supply Co., Walter R. Miller Co., Inc, Security Mutual, Cloverdale Farms Co, Babcock's Sport Shop, Endicott Tire and Supply Co., Tuthill's, Upton's Jewelers, and Morton Coy Clothes, and other businesses.

The yearbook features a message from Director Cecil C. Tyrrell to the class of 1949: "In these days when we have reached the end of our geographical pioneering, it is in the American tradition that another group of 'Forty-niners' should be engaged in a venture which is opening the frontiers of opportunity for the youth of our State and Country. In our democracy, it is a fundamental concept that each of us has the right to develop as an individual to the limit of his capabilities and ambition..."

The last *Citadel* was published in 1986.



1951 Armory Fire

On Monday, September 3rd, 1951, a fire was discovered in the State Tech Armory at 4:30 A.M. The Armory fire was the worst property damage fire in the city's history. The main campus was transferred to Kalurah Temple (currently the First Assembly of God Church in Binghamton) one month later.

After the fire, telegrams of support for the State Tech Armory, including one from Governor Dewey, poured in throughout the state. Library books and other supplies were volunteered quickly from other colleges.

In February 1954, the Broome County Planning Board chose the land at the County Poor Farm as the site for the new campus. Over twenty other sites had been considered, including a farm at the intersection of Vestal Avenue and the Vestal Parkway.

—Binghamton Press Photo by Swierkosz

REDUCED TO RUBBLE—The old state armory, built in 1905, is reduced to this heap of debris. This is a view facing Water Street on the one-story section of the building. Firemen at far right play a line of water on the smoldering ruins.

—Binghamton Press Photo by Rosek

ROOF ABLAZE—This is a view of the north side of the building as its entire roof burns fiercely as down into the city. At right, front, are several curious spectators. One fireman died and seven were hurt fighting the blaze.

1953
Darwin Wales Photo

In 1953, Darwin R. Wales was appointed by the Board of Supervisors. After Paul F. Titchener resigned as chair in 1957, Wales became the Board of Trustees Chair. In 1974, BCC's administration building was formally named in honor of Wales.

In 2007, SUNY Broome awarded Darwin Wales the college's first honorary doctorate.

Benediction ..... The Reverend John E. Donovan
(EXECUTIVE SECRETARY, UNITED CHURCHES OF BROOME COUNTY)

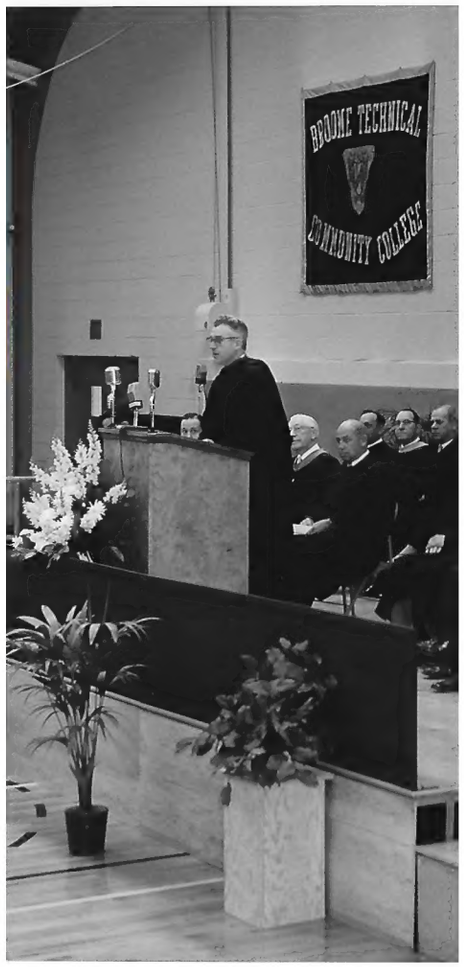
These scanned images are from the program for the Broome Technical Community College Open House and Dedication, which was a two-day event on May 2 and 3, 1958. Importantly, the snack bar in the Student Center was open at "all times."

On May 2nd, 1958, a formal dedication of the new campus on Front Street took place in the student gymnasium.

1958 First Commencement on Campus Photos

On June 7th, 1958, the first commencement ceremony took place on the Front Street campus for 159 graduates.

The photo to the right shows Darwin Wales speaking to the graduating class and audience.



1956 - 1971 Broome Technical Community College Postcards

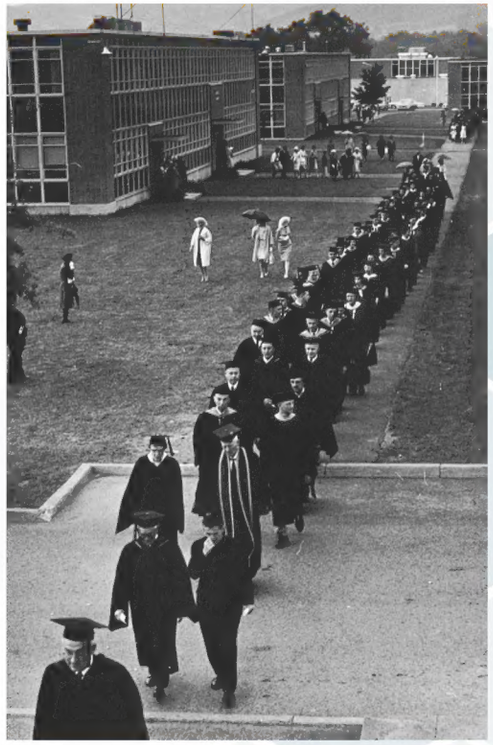
The two framed postcards are from the Broome Technical Community College era and show the campus of the time.

The other postcard shows the mascot.

1963 First Outdoor Commencement Photo

In 1963, the fifteenth commencement exercise honored 315 graduates.

It was scheduled as the first outdoor commencement ceremony. However, rain forced it indoors.



Freshmen Beanies

During the early 1960s, freshmen were required to wear beanies, carry demerit books and know the entirety of the Alma Mater.

Stewart Reynolds (ET '61) donated the 1961 beanie.

Nursing Scrub

The Nursing Program has been a major part of SUNY Broome for over 50 years. The first class of our nursing program entered in 1967.

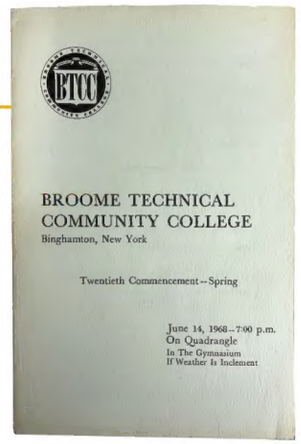
Many of our nursing program graduates remain in the community and render essential community services.

1969-1990s Miscellaneous Embroidered Patches

These larger embroidered patches were likely intended to be used for cheerleader outfits and jackets.

The small 1970s patches were donated by James Miner (MT '69).

1968 Commencement Program

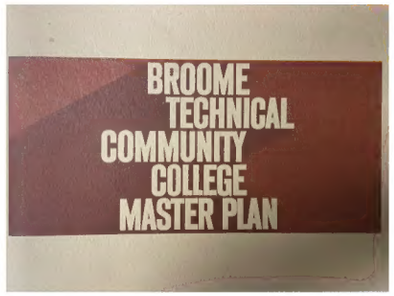


In 1968, 419 students graduated on the Quad. Edwin L. Crawford, chairman of the Broome County Board of Supervisors was the commencement speaker.

Broome Tech Sticker

A sticker with the college's name, nickname and location.

1969 Broome Technical Community College Master Plan



This master plan, printed in October 1969, announced a $15 million expansion to campus.

It proposed a much larger student center, a building devoted to police science, a new physical education building and even included sketches of possible student dormitories at the back of campus.

1969 Beer Mug & Graduation Tassle

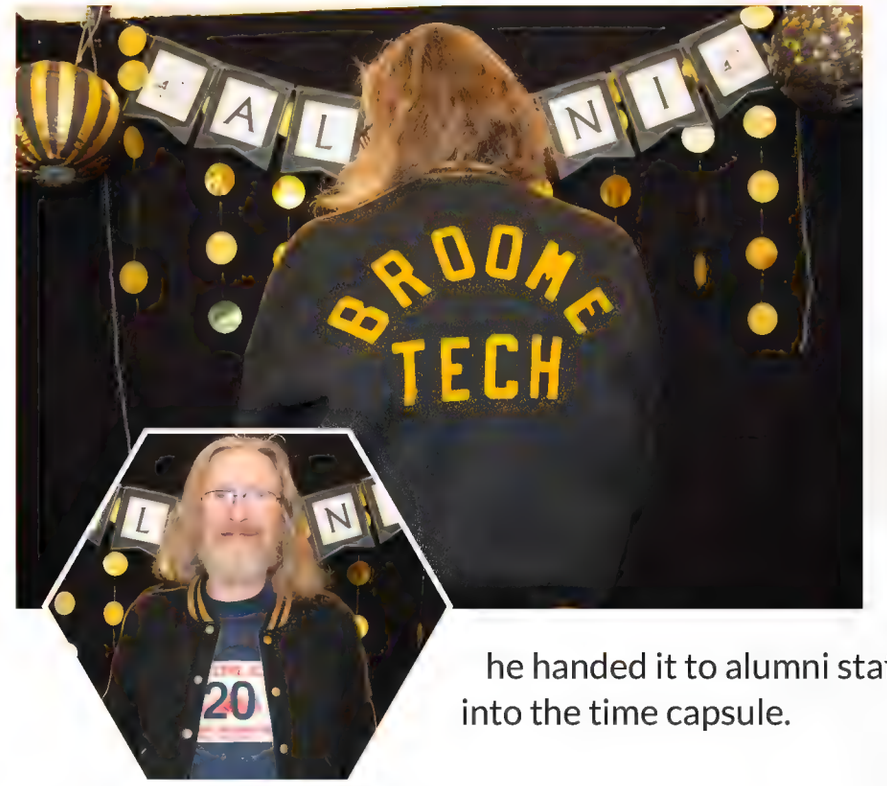
This Broome mug, donated by James Miner (MT '69), is from Broome Tech Spring Weekend May 1969. During this spring weekend event, the band Jay and the Americans performed.

Jim also donated the tassel from his 1969 graduation cap.

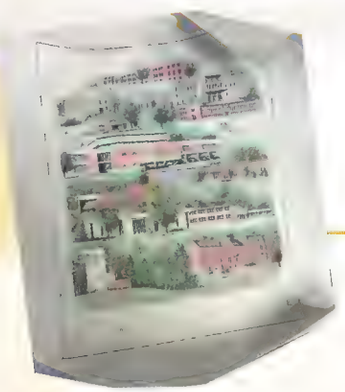
BTCC T-Shirt

Richard Reed (CT '70) donated this gray Broome Tech, or BTCC, T-Shirt to the time capsule.

Jim Miner's '77 Track & Field Athletic Jacket



James Miner (MT '69) arrived at Alumni Reunion 2022 wearing his track and field athletic jacket, which still fit after all those years. After the event, he handed it to alumni staff for placing into the time capsule.



Broome Historical Buildings Poster

Artist Lawrence Van Alstyne II created this poster, which shows the various buildings on our current campus and previous important college locations, such as the Armory or Kalurah Temple. In 2023, Van Alystyne's website noted he has "been commissioned by many colleges and universities to create prints and posters that capture the architecture and overall atmosphere of the various campuses," and it displays several examples, many in watercolor.

25th Anniversary Brochure

This brochure presented an overview of the college's first quarter century and primarily focused on contrasting our start and the then-present-day of 1971 and 1972. Funded by the Alumni Association, it appears to have also been used to increase donations to the college's Foundation. While BCC celebrated 25 years, Cecil C. Tyrrell retired as college president after 26 years of service.

In 1971, BTCC changed to Broome Community College to reflect the college's broadening scope of offerings.

Broome Community College Annual Hockey Brochures

From 1972 to 1975, annual brochures were made for the Southern Tier Hockey Association.

Starting during its second season of 1975-1976, annual brochures for Broome Community College Hornet Hockey were released. The brochures featured hockey players playing during that season.

Hockey Puck

In 1980, Ice Hockey became a varsity sport at SUNY Broome. During the fall of 2018, hockey was one of the three sports played during the Students vs. Faculty/Staff Challenge. Donated by Colleen Cashman (BA '85)

First Broome Community College Hockey Team

1974 - 1975

OVERALL RECORD 26 - 7 - 0

1974-1975 First Hockey Team

In December 1974, a Fulcrum Letter to the Editor by Jim Zwieg (BS '77) announced the college's first Club Hockey Team. Their head coach was George Higginbottom, a 1960 Olympic team member, and the team played primarily at Grippen Park Rink in West Endicott.

The hockey team would not have an on-campus home rink until the construction of the Ice Center in 2002.

1978 Carl Sagan Display Photos

On March 7, 1978, Carl Sagan, a leading space scientist, engaged with students at a Convocation.

In his talk, "Sense and Nonsense at the Edge of Science," he discussed what he considered false and unscientific ideas such as astrology and extraterrestrial sightings. In a Spring 1978 BCC Today article, it noted, "Many people expressed disappointment, however, at the topic he chose. It seemed a shame to them that this eminent scientist…would spend his hour talking to 1,000 people about…pseudo sciences and not about science."

1979 BCC Today

BROOME COMMUNITY COLLEGE

BCC TODAY

Enrollment at Record High—5,556 Students

2916 Full-time Students, 2640 Part-time

Search Process For President Narrows to 2

Student Loan Repayments Surpass National Rate

BCC Alumni

BCC Today, an alumni newsletter, kept graduates apprised of college events and changes. This December 1979 edition covered topics such as our enrollment high, the search for a new college president, new academic programs, athletics updates, and more.

This item was donated by retired college employee Rosemary "Sally" Zinner (BC '78).

1970-1980s Newsletters and Newspaper Clipping

Retired employee Rosemary "Sally" Zinner (BC '78) donated these newsletters from the college, one from the public affairs office and one from the health services department, and a newspaper clipping about her promotion to assistant registrar.

VAX Computer Lab Poster

Donated by Rachel Hinton and Ken Mansfield, the VAX Computer Lab Poster has been hung on the walls of every computer lab at SUNY Broome since before 1989. It asks the students to not eat, drink, or smoke in the lab classroom.

1970s-1980s Clippings

EDITORIALS Chopping Block
Student Vote Urged
Not Just Entertainment
Trivia
Brooke Shields to Speak at Broome
That's hard to believe
Carillon
VOTE
Saskwatch to become BCC trustee

Gloria McCormick (LACT '16) donated these newspaper and Fulcrum clippings.

Gloria wanted future students to know about the beautiful music that would play at 12:30 p.m. every day on campus. She included an April 20, 1972 Fulcrum describing the newly installed carillon as "a Maas-Rowe symphonic electronic carillon that is capable of being played manually from a keyboard as well as automatically with music rolls. The carillon is equipped with 37 major and 37 minor bells, 49 harp bells, and 12 Bourdon bells for bass notes. It is located in the library building, with eight speakers on the roof." She also wanted students to know about the time a deer crashed through a library window, shattering window glass, but luckily the buck survived. The local newspaper covered the story with a photo and caption.

Gloria thought that a visit by Brooke Shields was interesting and included a Fulcrum clipping of an article regarding it.

Neon Yellow Mug

This mug encourages recycling with a logo on the other side that reads "Reduce, Reuse, Recycle" and "Let's do our part".

BCC International Banner

This BCC Banner is so important because its history of travels captures a piece of the essence of Broome Community College itself. This Banner symbolizes BCC's historic commitment to their students by expanding and creating many diverse educational experiences across the global spectrum.

In the 1980s and 1990s, through the International Student Program, Professor Emeritus Elliott Reitz of the Biology Department developed several Tropical Wildlife student courses that included Africa, Australia, Amazon, Ecuador, Galapagos Islands, and the Virgin Islands.

This BCC International Banner has journeyed many times thought out each course. It was on many momentous occasions that it was proudly displayed and held by groups of BCC students and faculty, along with people who shared their different cultures and their treasures with us.

Often, you would see the BCC Banner hung on boats while students explored and learned about the Great Barrier Reef or about the different dynamics of the Galapagos Islands.

Examples of other times the BCC Banner announced BCC students' identity was by being cloaked over a beautiful hot air balloon basket while students crossed the African Skies over the Riff Valley. The focus was learning about its peoples, surrounding habitats, and rich wildlife.

These Great BCC Banner stories embodied what BCC sought to accomplish in broadening the scope of learning among our students at Broome Community College. Over many years Broome Community College was very successful in achieving students' goals and mission with many learning communities. Bravo to BCC's successes and achievements! Keep extending BBC's Mission under its present-day name of SUNY Broome Community College in forthcoming evolving times.

- Judith "Judy" Kominos-Reitz (RN '85), MSN, retired BCC professor

1000th Game Basketball Key Chain

A keychain celebrating the Broome Basketball Team's 1000th game under Coach Dick Baldwin on Nov. 18, 1981.

It proudly declares, "I was there!"

BCC Basketball Team Travels to Brazil

On March 25, 1980, Broome sent a team to play in Brazil. While in Brazil, the men's basketball team played the Olympic teams of Brazil, Uruguay, and Puerto Rico.

Broome Community College Spring Picnic Mugs

These glass mugs were created to celebrate Broome Community College Spring Picnics. One is from a 1981 picnic. The other was donated by Professor Emerita Karen Goodman.

Alms House Photos

The Alms House was a building original to the campus location's previous life as the County Poor House. In 1981, the County Alms House was adapted for classroom use. In 1986, the Alms House cupola was restored and replaced.

A March 20th, 1998, BCC The Hornet article by Rob Tierney about the building closed with the following: "The deterioration of the building, and the cost of renovation, forced its abandonment. This building, which for over 130 years provided some shelter and safety to those in need, is itself in need of assistance from the people of the county it served. However, the old saying of "A friend in need is a pest" applies here as well. With a shrinking economic base and budget constraints, the Alms House seems destined for the unmarked paupers grave so many of it's clients were relegated to."

On February 5th, 2010, the Alms House was torn down.

Student Union Photos

The Student Union building opened in 1957 and the Alumni Weekend of November 22 - 24 was the first scheduled event. The first annual President's Reception was also held in the Student Union in 1961.

The Broome Community College 1984-1985 Catalog describes the Union as a "short, flat, tan building on campus that is known as The Place for students to enjoy their break from the books. From eight o'clock in the morning until five in the afternoon, the Union provides diverse recreational activities. Electronic games, ping pong, pool, foosball and pinball are available for play and relaxation. The Union provides the warmth of a fireplace, a lounge for playing chess or cards, a video beam projector for viewing TV and feature films daily and, of course, vending machines."

In 1984, the Union Building (which housed many clubs, Student Activities, a game room and a student lounge) was scheduled for demolition so the Applied Technology Building could be constructed.

1984 Applied Technology Building Miniature Shovel

During the Sept. 14, 1984, ground-breaking for the Applied Technology Building, attendees were given these mini shovels with the event information on them.

This item was donated by retired employee Rosemary "Sally" Zinner (BC '78).

BCC Hornet Decal and Notebook

This undated decal was sold at the campus store for .29 while the notebook sold for .79.

50th Anniversary Photos

Photos of two memorabilia displays and a garden display created for Broome Community College's 50th Anniversary.

40th Anniversary Mug

In 1987, the college celebrated its 40th Anniversary and had these commemorative mugs created.

The mug was donated by retired employee Rosemary "Sally" Zinner (BC '78).

Miscellaneous BCC Postcards

Various postcards of the Broome Community College monolith as it appeared before the rebranding to SUNY Broome. One postcard displays an artist's depiction of campus buildings, including the college's various homes downtown.

Miscellaneous BCC Hornets Pins

The two identical BCC Hornets designs are presumably from before the redesign of the Hornet in 1996-1997 and the #1 BCC Sport Fan from afterwards.

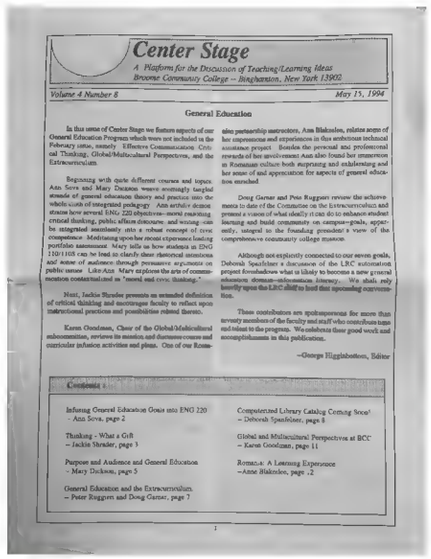
BCC Posed Student Photos

These posed photos from 1995 were found in the archives of Student Activities.

Center Stage Volume 4 Number 8

Center Stage was a magazine described as "A Platform for the Discussion of Teaching/ Learning Ideas."

Volume 4, Number 8 was released on May 15, 1994 and features aspects of SUNY Broome's General Education Program. These aspects include effective communication, critical thinking, global/multicultural perspectives, and the extracurriculum.



Center Stage
A Platform for the Discussion of Teaching/Learning Ideas
Broome Community College -- Binghamton, New York 13902

Volume 4 Number 8 — May 15, 1994

General Education

In this issue of Center Stage we feature aspects of our General Education Program which were not included in the February issue, namely Effective Communication, Critical Thinking, Global/Multicultural Perspectives, and the Extracurriculum.

Beginning with quite different courses and topics, Ann Sova and Mary Dickson weave seemingly tangled strands of general education theory and practice into the whole cloth of integrated pedagogy. Ann artfully denotes strains how several ENG 220 objectives—moral reasoning, critical thinking, public affairs discourse, and writing—can be integrated seamlessly into a robust concept of core competence. Meditating upon her recent experience leading portfolio assessment, Mary tells us how students in ENG 110/116 can be lead to clarify their rhetorical intentions and sense of audience through persuasive arguments on public issues. Like Ann, Mary explores the arts of communication constitutional as "moral and civic thinking."

Next, Jackie Shrader presents an extended definition of critical thinking and encourages faculty to reflect upon instructional practices and possibilities related thereto.

Karen Goodman, Chair of the Global/Multicultural subcommittee, reviews its mission and discusses course and curricular infusion activities and plans. One of our Romanian partnership instructors, Ann Blakeslee, relates some of her experiences and experiences in this ambitious technical assistance project. Besides the personal and professional rewards of her involvement Ann also found her immersion in Romanian culture both surprising and exhilarating and her sense of and appreciation for aspects of general education enriched.

Doug Garnar and Peter Ruggieri review the achievements to date of the Committee on the Extracurriculum and present a vision of what ideally it can do to enhance student learning and build community on campus—goals, apparently, integral to the founding president's view of the comprehensive community college mission.

Although not explicitly connected to our seven goals, Deborah Spaulding's discussion of the LRC automation project foreshadows what is likely to become a new general education domain—information literacy.... We shall rely heavily upon the LRC staff to lead this upcoming conversation.

These contributors are spokespersons for more than seventy members of the faculty and staff who contribute time and talent to the program. We celebrate their good work and accomplishments in this publication.

—George Higginbotham, Editor

50th Anniversary Items

Item List:

- Half-Century Hero Medal
- 50th Anniversary Booklet
- Press & Sun Newspaper 50 Years Feature

In the academic year 1996-1997, Broome Community College celebrated its 50th anniversary and commemorated it with a 50-year history booklet to review lessons and successes of the past.

Also, to celebrate 50 years, the Press & Sun-Bulletin published a special Broome Community College anniversary section, and the Ecology Club built a unique garden display out front of Paul F. Titchener Hall.

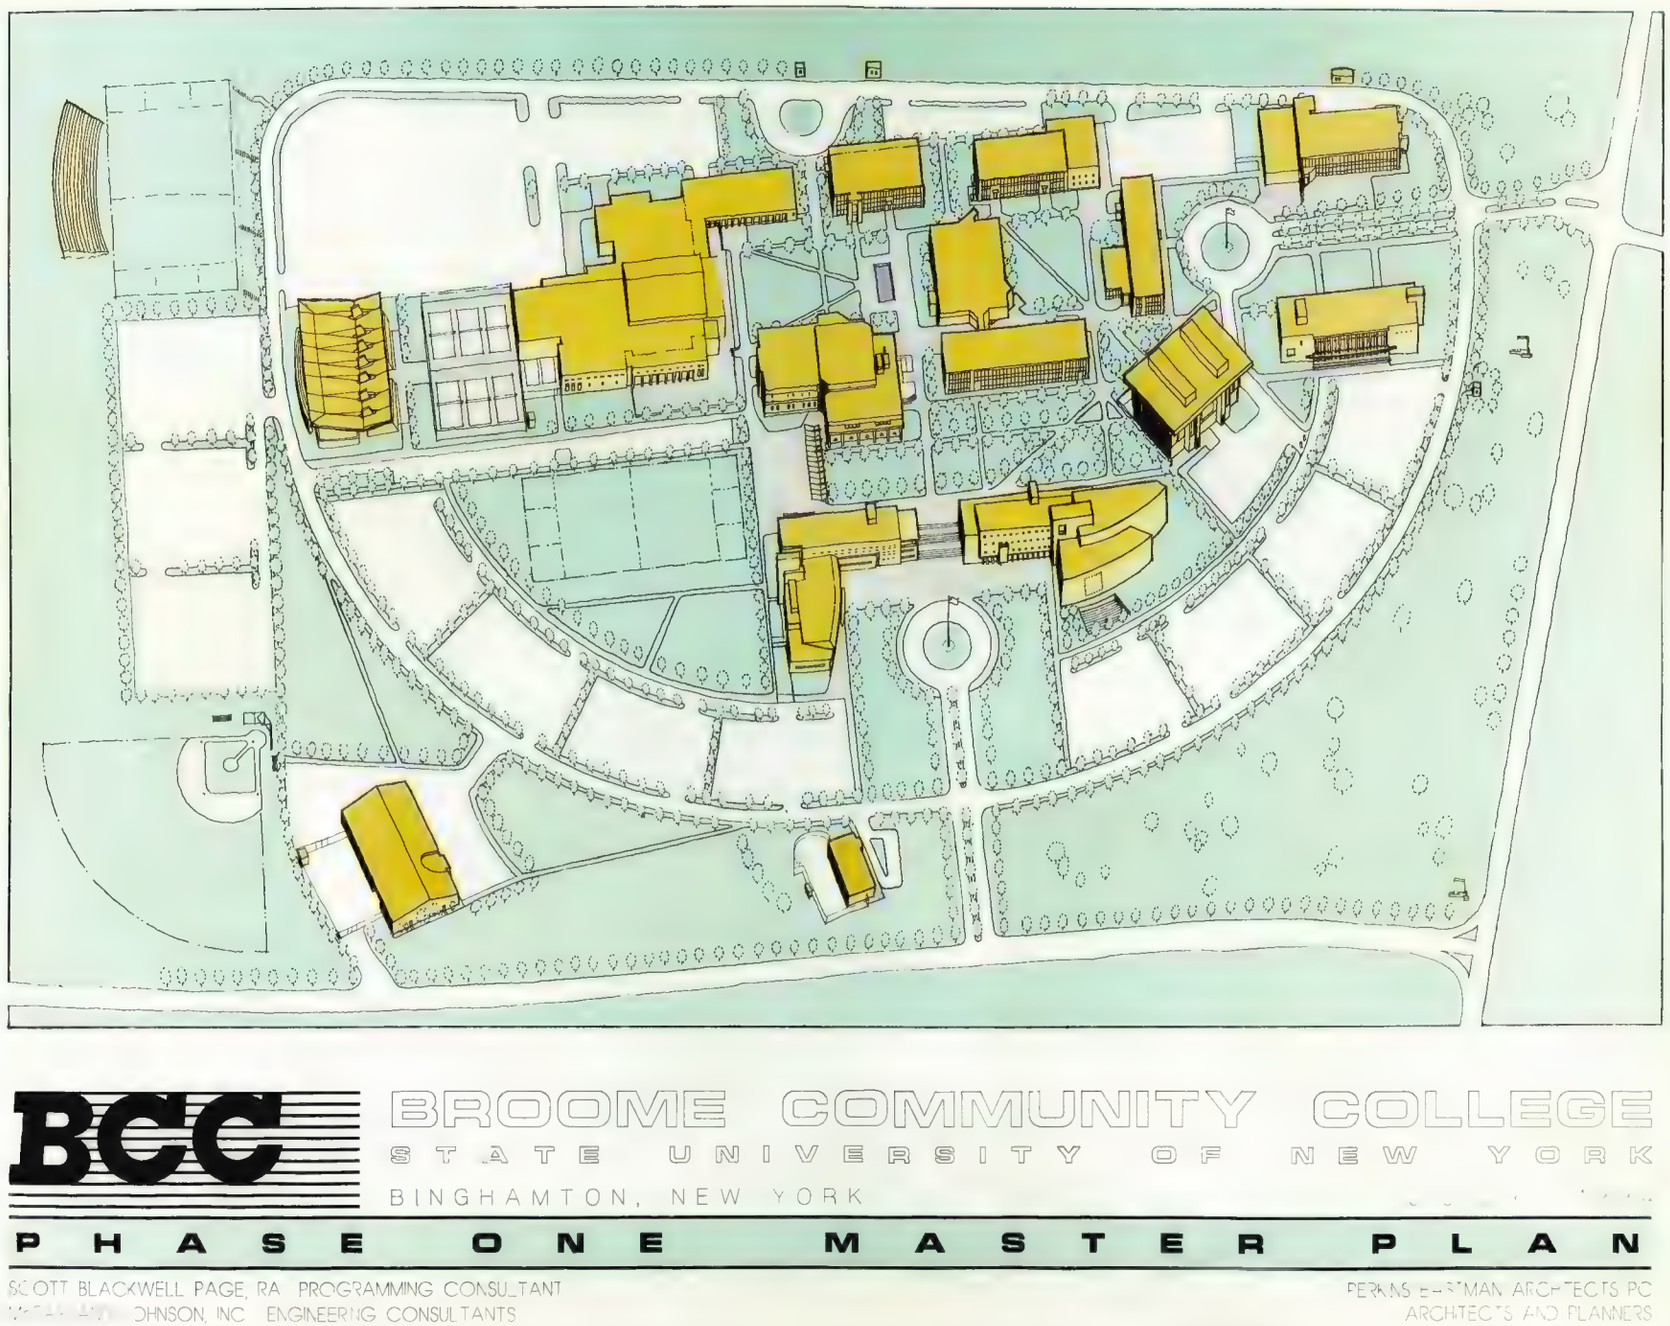
Notably, that year, the college Hornet, an angry, feisty-looking bug, was replaced by "Stinger," a smiling user-friendly hornet, after a reign of nearly 50 years.

The Fulcrum

The Fulcrum, previously known as Tech Talk, is SUNY Broome's student-run newspaper, and its first copy was released in 1971. In 1986, The Fulcrum received top honors from the Associated Press for its publications in 1985 and 1986. The BCC Hornet (as Fulcrum was retitled in 1996) ceased publication in 2003. College news was then distributed through The Buzz, SUNY Broome's staff-run electronic newspaper. Under the guidance of communications and media arts faculty, students revived The Fulcrum in 2017. It added a digital edition in 2020, a necessity during the COVID-19 pandemic. As of Fall 2022, the print edition has yet to return, and the digital edition has taken preeminence.

These editions of The Fulcrum were donated by Professor Timothy Skinner (LACM '99), Professor Emeritus Doug Garnar, and Rosemary "Sally" Zinner (BC '78).

1994 Campus Master Plan Map



On August 16, 1994, President Donald Dellow announced a new Master Plan for the campus. The plan, completed by Perkins Eastman Architects, was preceded by about a year of research and analysis. The Master Plan included smaller projects such as improved parking, walkways, lighting, signage, and plans for the eventual demolition of the Alms House and the 901 Front Street Building. The intended areas of new construction included a Communications Technology building, additions to the Student Center, new athletic playing fields, an outdoor ice hockey rink, and Library and Learning Resource Center expansions.

Also included in the Master Plan was improved accessibility for handicapped students in Titchener Hall, including an elevator for access to all three floors, restroom signs printed in braille, and restrooms with lowered sinks, paper dispensers and mirrors. The plan also included replacing classroom door knobs with levers, ramps in lecture halls and exits above ground level being upgraded with platforms and ramps.

Decker Health Sciences Building Pin

In 1991, a total of $1.5 million in private monies were available as part of the funding for a new Health Science Center.

Construction on the Decker Health Science Center began in 1995, and it officially opened in 1998. This building's construction was monumental in SUNY Broome's history as all Health Sciences programs were now housed in one building.

The Health Science division is the largest in all of SUNY's community colleges.

EET Department Coffee Mug

A Broome Community College EET Department coffee mug.

Cell Phones

Tina Tomassetti (CSCT '89) and Howard Streby (CSAS '00), members of SUNY Broome's ITS department, decided that the citizens of the future needed to see the cell-phones of the previous era. They donated this Motorola and Apple Iphone to the time capsule.

Miscellaneous BCC Photos

These various 1990s or early 2000s photos of Broome Community College were likely taken by Student Activities.

BCC Family Day Photos

These photos of Broome Community College Family Day in the Fall of 2000 were likely taken by Student Activities.

Tom Carter's Long Stick Basketball Show Brochure

Tom Carter, a native of Vestal and long time coach at SUNY Broome, performed as "Stickman" with his "Long Stick Basketball Show". "I made sure to always include Broome CC and Binghamton, NY in all of my performance uniforms. I saw it as my small way to help market the College and the region while I was out traveling and performing. Though I am not touring anymore, I still wear my SUNY Broome apparel out in the community like it's my uniform," shared Carter. In Spring of 2022, Carter was the longest tenured coach in the SUNY system.

SUNY Broome Theater Production Posters

SUNY Broome has hosted numerous plays in the Angelo Zuccolo Little Theatre over the years.

A live theater production or two every semester has been part of the college's identification in the community and has been going on almost since the college opened. As of Fall 2022, the last live production was in Fall 2019 due to the COVID pandemic.

Katherine Bacon, an adjunct instructor in the Department of Music and Theater Arts, donated these posters.

Civic Engagement & Deliberative Democracy Materials

These materials on civic engagement and deliberative democracy projects were done on and off campus since the early 2000s.

In January 2021, the American Academy of Arts & Science issued Our Common Purpose: Reinventing American Democracy for the 21st Century. The college's Civic Engagement Advisory Board read and discussed this volume, which is included in the time capsule.

The Deliberative Democracy baseball cap was owned by Professor Emeritus Douglas C. Garnar. He also provided a letter describing all of the items he collected and donated as well as information about the college's past, civic engagement efforts and general education changes throughout the years.

Civic engagement Professor Carla Michalak donated some of these materials as well.

Item List:

- A Short History of the Future Book
- Deliberative Democracy Baseball Cap
- Letter from Professor Emeritus Garnar
- National Issue Forums Materials
- Our Common Purpose Book
- The Ecology of Democracy Book
- 2021 Connections, a journal of the Kettering Foundation.
- Discussion handouts for climate change and communities rebuilding after a disaster

Hornet Cheers

These undated papers show a variety of chants used by Hornet cheerleaders.

Building Floor Plans

These floor plans detail the layouts of various buildings on campus.

1990s Viewbooks

Two viewbooks, or promotional booklets for potential students, from the 1990s. The marketing tagline at this time was "Where it all begins."

Ice Center Ground Breaking Photos & Ice Center Grand Opening Coffee Mug

The college held a groundbreaking for the Ice Center on April 26, 2001.

In November 2002, the college held a grand opening for the Ice Center.

Civil Engineering Technology Banner

This heavy banner was used to promote the Civil Engineering Technology program sometime between 1971 and 2013.

2005 & 2006 Strategic Directions Booklets

The college published these booklets to explain the direction that the college would be navigating in for the next five years.

Campus Safety Patches

The original "Campus Safety" patch from when the campus developed its very own law enforcement in August of 2006.

These items were donated by Public Safety Investigator and Deputy Title IX Coordinator Marie Finelli (ISAT '15).

Celaya, Mexico Clay Mug Plastic Cup From Day of the Dead Celebration and Articles

In 2006, SUNY's Collaborative Online International Learning initiative was established, which allows students to collaborate and interact with college students in other countries.

SUNY Broome has a long-standing relationship with la Universidad de Celaya and other universities in Mexico. Students and faculty have come here from there, and faculty from here have gone there. In 2022 we had a grant to allow our students to travel in both directions. The grant is from 100,000 Strong in the Americas. We have worked together via Zoom teleconferences in Collaborative Online International Learning (COIL) for about 9 years.

2008 Orientation Mug

This mug was available at new student Orientation in 2008 and included a web link for parents to learn more about the college.

BCC in Owego Shirt

On occasion, the college has begun initiatives to provide education off-campus or in other communities. In 2023, SUNY Broome marketed these courses as "On campus, online and now in your hometown, SUNY Broome is making it easier than ever to earn your college degree or certificate!"SUNY Broome ran an extension center in Owego from 2003 - 2022.

Professor Emeritus Douglas C. Garnar donated this shirt.

Southern Tier Homeless Coalition T-Shirt

In 2009, Doug Garnar (an acclaimed SUNY Broome History professor) worked with Sara Doane and the late Wes Warren to organize a sleepout at SUNY Broome to raise money for the homeless community and raise awareness surrounding the issue. As of 2022, the college was still holding this event - though it went virtual during the COVID-19 pandemic in 2021.

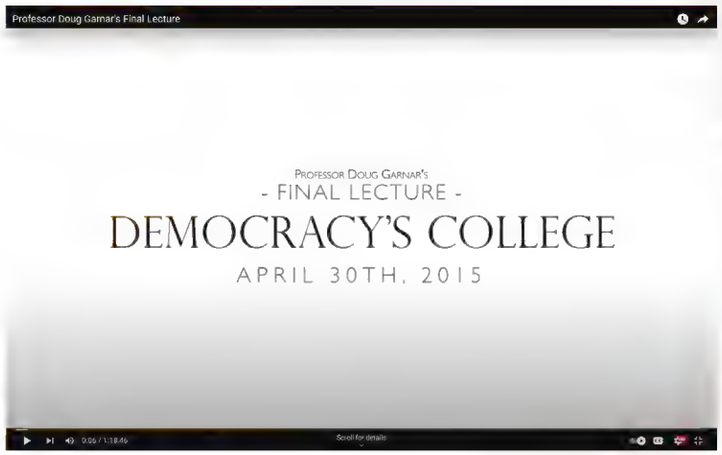
Professor Emeritus Douglas C. Garnar donated this shirt.

"Untitled" Painting by Tracy Le (LAGS '10)

This painting was created by Tracy Le (LAGS '10) for a 2009 art exhibit for a color theory course taught by Assistant Professor David Zeggert. It was purchased by Professor Emerita Karen Goodman.

The walkway that the painting depicts was later replaced with a connecting space, The Paul and Mary Calice and Mildred Barton Advanced Manufacturing Center atrium in 2018.

Professor Doug Garnar's Final Lecture



In 2015, History professor and civic engagement leader Doug Garnar gave his last lecture after 44 years of service at SUNY Broome.

Watch on YouTube: https://youtu.be/Fiyu0XWj62A

2012, 2013 & 2014 Mock Disaster Badges

These three laminated badges are from three years of the Mock Disaster. The event, which brings together different departments across campus, serves as training for first responders, future health-care providers, and more.

Significance Magazine

Before BROOME magazine began, the college published Significance magazine. The first issue, included in the capsule, is dated Fall 2007 and was donated by Professor Emeritus Douglas C. Garnar. The other editions are from Winter 2009 and Winter 2010-2011.

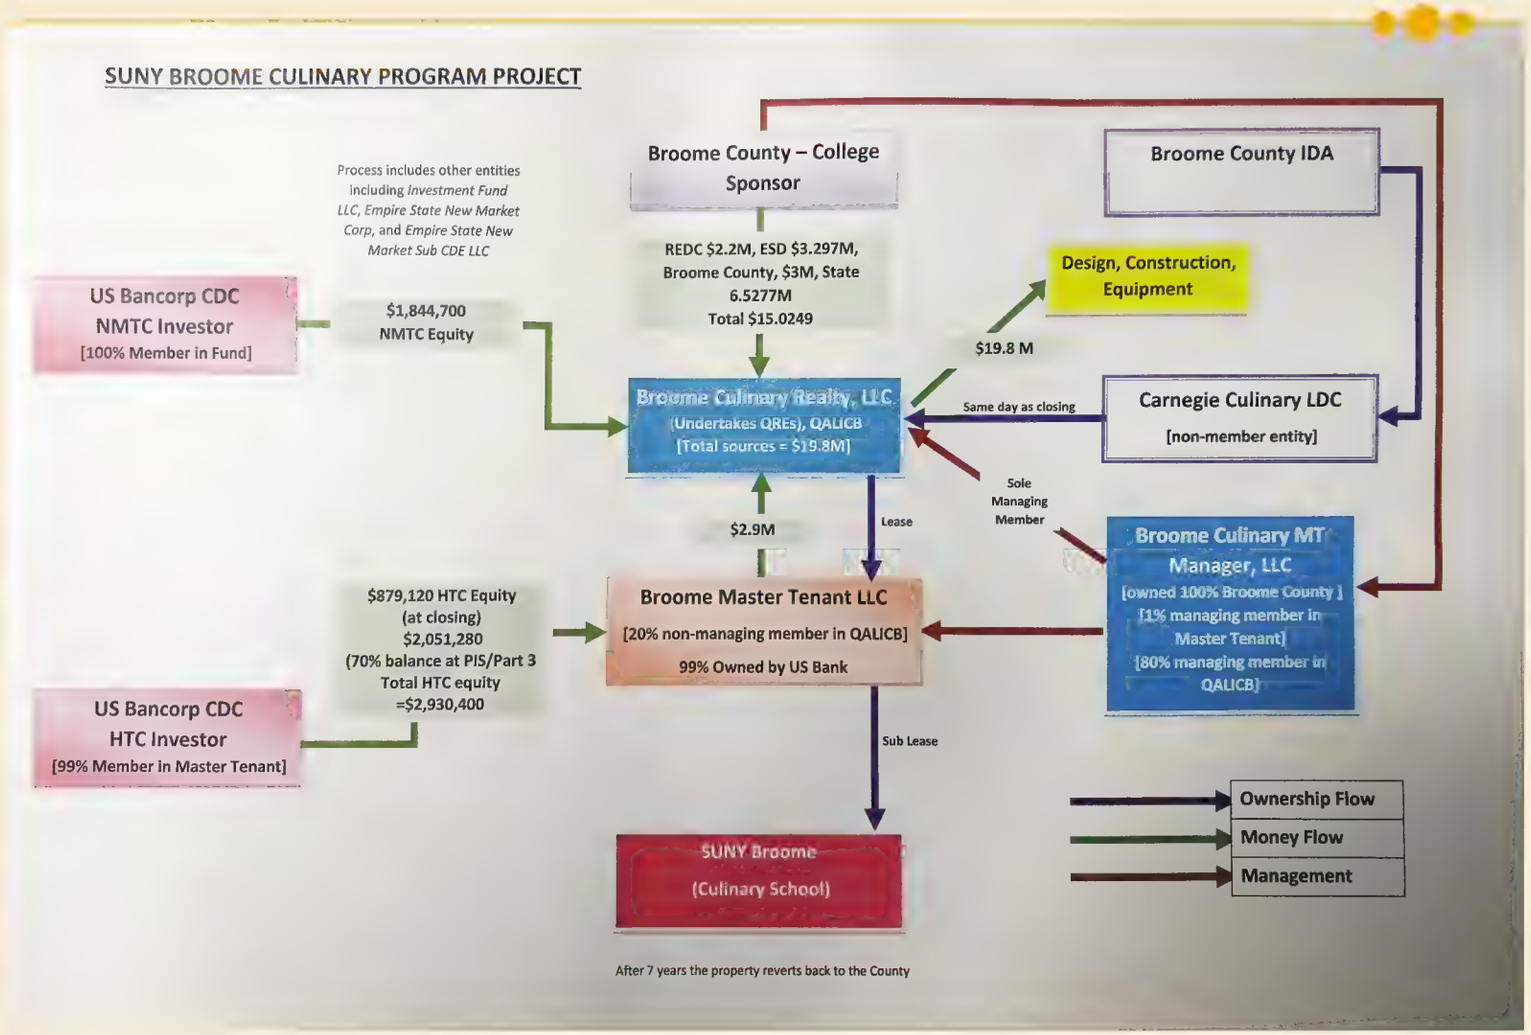
Commit, Complete, Compete Silicone Wristbands

In 2012, the college tried to encourage students to complete their education by holding a Completion Day event. They handed out silicone wristbands to students, and faculty and staff wore graduation robes around campus to draw attention to the message of education leading to success.

2010-2020s Promotional Giveaways

SUNY Broome produces a variety of giveaway items for marketing and brand-awareness such as coffee mugs, gloves, lanyards and more. These items are typically given away at enrollment events such as Open House.

Culinary Program Project Flowchart



A flowchart of funding resources, management plan, and ownership of the Culinary & Event Center - or, as called at this point - "SUNY Broome Culinary School."

Culinary & Event Center Groundbreaking Items

On September 29, 2016, SUNY Broome held a ceremony at the Carnegie Library in downtown Binghamton as construction continued to transform the building into the Culinary Arts Center (later renamed the Culinary & Event Center).

Item List:

- Invitation & Envelope
- Program
- Culinary Arts Center Wineglass

SEED Items

The Scholarships for Education and Economic Development (SEED) program gave students from economically disadvantaged countries in Central America and the Caribbean the chance to both pursue higher education.

Clauda Sofia Beebe (BUIB '15) worked at SUNY Broome as International Coordinator from 2011 until 2015 for the SEED program. Much later, she took a position as a senior accountant clerk in the college's purchasing office and is now retired.

Claudia donated these photos and plaques.

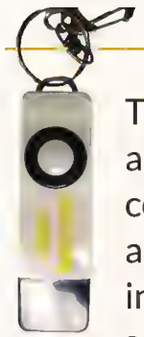
Diploma Cover

When a student graduates from SUNY Broome, they receive a diploma cover on the stage from the college president. Their official diploma would arrive in the mail later. Our padded diploma cover features the college seal.

BCC Foundation Apron

The BCC Foundation Board often volunteers by serving food at the Alumni Reunion Spiedie Picnic. The volunteers use these aprons during the event.

USB Stick



This promotional item is a USB stick, also known as a flash drive, that users could plug into computers and use as a storage device. They first came out in late 2000 and became less common once backing up files to the internet with Dropbox (which launched in 2008) or Google Drive (which launched in 2012) became more popular.

Emil Calice Photo

Later in life, Emil Calice made a $11.5 million dollar estate gift to SUNY Broome to give others the chance for an education. During his time at the local technology giant, IBM, he had carefully invested in the company's stock which allowed him to make this transformational donation.

Due to his gift, 32 annual scholarships worth $2,000 each were funded.

Among other uses of Calice's donation, it was used to overhaul the Mechanical Building. The renovated building, The Paul and Mary Calice and Mildred Barton Advanced Manufacturing Center, was named not after himself but his loved ones — his parents and his companion of many years, Mildred.

Coach Dick Baldwin Memorial Celebration Program

Coach Dick Baldwin's first win was on December 17, 1947, with a 41-39 victory over Triple Cities College. In 1967, Baldwin was presented with a golden basketball to represent 400 wins by the men's basketball team. In February 1970, Baldwin gained his 500th win as coach in an 88-50 game over Cornell and coached his 1000th basketball game in 1981. In 1980, Baldwin broke the record for the most career victories ever by a two-year basketball coach. On February 14, 1987, Baldwin became the "winningest" college basketball coach in the United States for both two- and four-year schools after winning his 876th game. On June 6, 1988, Baldwin was enshrined in the NACDA Athletic Directors Hall of Fame at Marco Island, Florida. In October 1988, the main gym was renamed the Richard E. Baldwin Gymnasium. Baldwin spent 39 years as the director of athletics at SUNY Broome. He spent 40 years as the head basketball coach with 879 career wins and never missed a single game in his entire career.

On April 28, 2012, at a celebration of his life, this program was handed out.

Student Giving Water Bottle

Philanthropic students, in partnership with the SUNY Broome Foundation, raise money every year during the Student Giving Campaign for the SUNY Broome Student Giving Peer Scholarship. They often do various raffles for cool items like gift cards or water bottles to raise money.

Student Village Chocolate

These chocolates were created to celebrate the construction of the Student Village, SUNY Broome's first official residential building.

Donated by retired employee Rosemary "Sally" Zinner (BC '78).

BROOME Magazines

As of 2021, SUNY Broome's alumni magazine, BROOME, is mailed or given to 34,000 alumni, employees, and others in the SUNY Broome community twice a year. The college emails a companion online edition to approximately 26,000 alumni.

This is one of the college's largest read publications and endeavors to be of interest to a wide variety of audiences - beyond just graduates - with profiles of students, faculty and staff, and successful alumni, as well as important college news. SUNY Broome launched the very first issue of BROOME in the Fall of 2013.

Natural Science Center Chocolate

The Natural Science Center, which houses numerous science courses, high-tech classrooms and laboratories, had a grand opening in 2013. As part of the ceremony, the BCC Foundation gave out custom chocolates.

Health for Haiti

Health for Haiti is SUNY Broome's first faculty-led, credit-bearing, global service learning course led by Biology Department Professor Dr. Jen Musa and Dental Hygiene Program Chair Maureen Hankin. Launched in January 2014, this interdisciplinary four-credit course focuses on engaging college students in community development efforts to combat the effects of poverty in Haiti. The projects include access to clean water, community gardens to reduce malnutrition, and quality education initiatives for students and adults. Health for Haiti strives to go beyond simply providing aid and seeks to create sustainable solutions that empower the community. Included is a representation of Haitian art and some photographs of our collaborations in Haiti.

The ongoing effort of "Health for Haiti" helps prepare students to contribute to global security and prosperity.

Donated by Dr. Jen Musa, Biology Department.

Open House Passport

This "passport" was given to prospective students around the late 2010s. Inside the passport, people were given a chance to win one of two $250 gift cards for textbooks at the SUNY Broome Campus Shop.

Breaking Grounds

Breaking Ground is an annual publication of predominantly student - occasionally faculty and staff - fiction, poetry, creative nonfiction, artwork, photographs, cartoons, and graphic stories. The criteria are vividness, vitality, depth of thought and expression, and, above all, excellence.

Typically, there would be a theme or focus for the type of content - such as comedy, transformation, epiphany, and intersections. There would also be prizes for the Best Cover Art/Photography.

Dr. Ranrag History Buff From The Future

This DVD, "Dr. Ranrag History Buff From The Future," is of a lecture Doug Garnar gave on September 17, 2015. In it, dressed as Abraham Lincoln, he discussed how democracy could disappear in the future.

50th Nursing Anniversary Booklet

During the Fall of 2017, the nursing program celebrated its 50th anniversary.

NJCAA Hockey Championship T-Shirt

A T-shirt of the 2017 NJCAA National Men's Hockey Championship which was held at SUNY Broome from Feb. 24 through 26.

2018 Viewbook

2018's viewbook featured a fun cover of new graduate Megan Stephens (ISAT '17; EXIL '19). MarCom staff member Sara Forbes (Arts '17) was the graphic designer for the project.

Follow Your Path Mailer

In 2018, the marketing and communications department created a trifold mailer targeting high school students. They decided to feature mini-profiles of students in non-traditional fields for their gender (for example, male nurses or female engineers) and promote to local high schoolers that they could follow their own path at SUNY Broome.

The college also wanted to promote our affordability, accreditation, and multiple transfer opportunities.

Marketing Print Ads

The Morning Times Ad, showing a sketch of a graduate and the college's monolith, was printed in January 2021. There was also an ad in the 2022-2023 Business Directory, which focused on how SUNY Broome could help local businesses.

Calice Advanced Manufacturing Center Grand Opening Measuring Tape

For the Paul and Mary Calice & Mildred Barton Advanced Manufacturing Center Grand Opening on Oct. 16, 2018, the college gave away these combination notepad, pen, measuring tape, and level, to guests.

The Paul and Mary Calice & Mildred Barton Advanced Manufacturing Center was a significant remodel to the Mechanical Building. SUNY Chancellor Kristina M. Johnson attended and spoke at the grand opening ceremony.

Bachelor Partnership Center Mug

The Bachelor Partnership Center, which assisted with matching SUNY Broome students to transfer colleges for bachelor's degrees, created this mug to celebrate their grand opening. The Center was later absorbed into the Career, Transfer, and Bachelor Partnership Department.

Culinary & Event Center Items

The SUNY Broome Culinary & Event Center opened its doors to the first classes in January of 2020 with a Grand Opening scheduled for April of 2020. After an almost year-and-a-half delay of the Grand Opening due to the COVID-19 pandemic, SUNY Broome was finally able to proudly and formally open its doors and welcome the community to the beautifully restored Culinary & Event Center (CEC), located in the heart of Downtown Binghamton on October 7, 2021.

Item List:

- Newspaper article about the renovation
- Grand Opening program
- Library ornament
- CEC pin
- Hospitality measuring spoon

The $21.5 million restoration project was made possible through a combination of tax credits, restoration grants, and local and state funding. The old, previously abandoned Carnegie Library, was transformed and included state-of-the-art amenities such as smart classroom and laboratory spaces, garde manger and production kitchens, a fully equipped beverage lab for mixology classes, a state-of-the-art lecture hall for cooking demonstrations, premiere event spaces, and bean-to-bar chocolate equipment.

On February 4th, 2021, SUNY Broome was selected for a 2020 State Historic Preservation Award for revitalizing the former Carnegie Library and transforming it into the Culinary and Event Center.

COVID-19 Items

COVID-19 significantly impacted not only SUNY Broome but also New York State, the United States of America, and the entire world. The world had to abruptly transition to an online environment in 2020. This emphasis on virtual meetings and classrooms has continued into 2021, 2022, and maybe longer.

On March 19th, 2020, in-person classes were halted, and students began the transition to attend what were formerly in-person classes to online classes at home.

Throughout the Spring of 2020, SUNY Broome donated 11,320 gloves, 190 gowns, 1,900 masks, and 80 safety glasses to local healthcare organizations.

Face masks were required on SUNY Broome campus from March 2020 through March 2022. All SUNY schools required in-person students to get the COVID vaccine for the Fall 2021 semester.

Due to the pandemic, the 2020 and 2021 Commencement ceremonies were virtual, but drive-through photo opportunities with the college president and other administrators were offered.

On July 25th, 2020, SUNY Broome's commencement ceremony went virtual due to the COVID-19 pandemic. Student Commencement Speaker Daniel Todd reminded his class, "Everyone graduating this semester has accomplished much more than earning a degree. We have found success in an unprecedented time. The challenges we faced this past semester were tiresome and demanding...but we persevered."

When COVID vaccines were available at the start of 2021, the college's Ice Center turned into a vaccination center. "Broome County Vaccinates" stickers were given to people after they were vaccinated.

During the pandemic, New York used prison labor to solve a shortage of hand sanitizer in the state. It's estimated that 11 million bottles of the "NYS Clean" sanitizer were made to be given out for free. In 2022, the state was trying to determine how to dispose of 700,000 remaining gallons of expiring sanitizer.

When at-home COVID tests arrived at retailers, they significantly increased privacy and peace of mind. Before the test kits became available, local individuals had to schedule appointments at drive-through testing sites. In Jan. 2021, in the hope of preventing the spread of COVID, SUNY mandated that anyone with a regular on-campus presence be tested for COVID weekly through saliva tests. In the spring of 2021, SUNY Broome sent approximately 800 saliva samples to SUNY Upstate Medical University for weekly testing.

Item List:

- SUNY Broome mask
- iHealth COVID-19 at-home test
- NYS Clean hand sanitizer
- Broome County Vaccinates Sticker
- Example of swab kit used for saliva tests sent to SUNY Upstate Medical University

2021 & 2022 Open House Programs

These Open House programs told guests about points of interest on campus. Open House Fall 2022 was the first Open House on campus since COVID-19 swept the country. The college hosted about 350 guests each fall and about 600 in the spring for Open House.

Environmental Science Flyers with Wildflower Seeds

Professor Kennie Leet suggested the creation of these Environmental Science flyers with wildflower seeds to promote the new 7-7-7 course format in her program to prospective students.

2020 & 2021 Graduation Tassel, Pin & Confetti

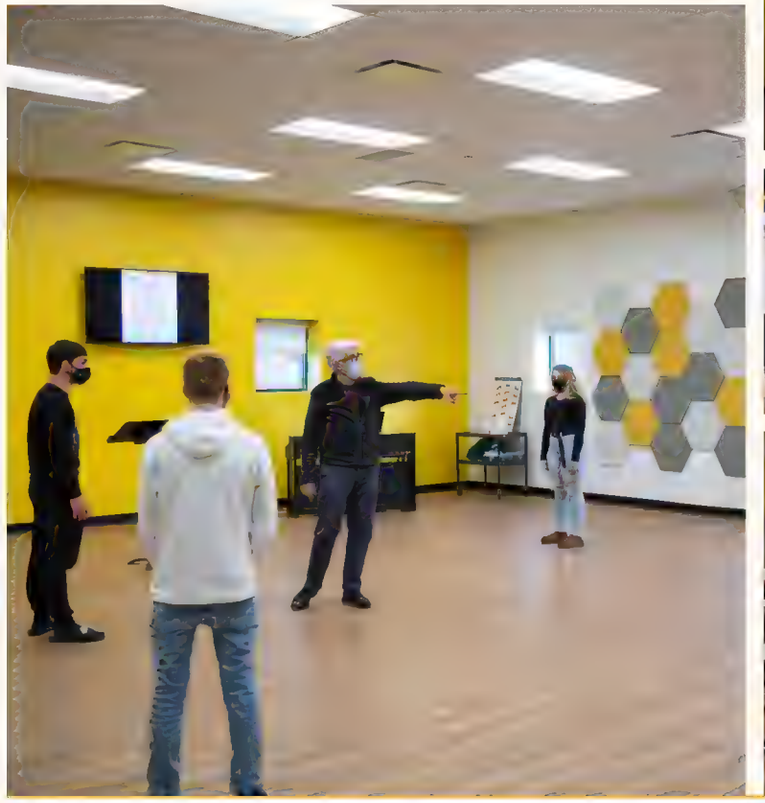
Due to the COVID-19 global pandemic, 2020 and 2021 in-person graduation ceremonies were prohibited. The graduation committee created virtual ceremonies. They purchased and mailed a graduation tassel, pin, and confetti to each graduate to celebrate their successes.

In 2020 and 2021, SUNY Broome also provided a time for socially distanced graduation photos on campus and gave away some graduation-themed items.

Commencement returned to Visions Veterans Memorial Arena in 2022.

Music Space Photos

In January 2021, SUNY Broome completed a new music rehearsal and performance space in the Campus Services building.



Republican Challenge Coin

Gerald Newby (LA '71) donated this Republican National Committee challenge coin from the year 2021.

2020s Admissions Packet & Envelope

An example of an admissions packet — consisting of a checklist, multiple informative brochures, and essential information for students — and the envelope that the packet is mailed in.

SUNY Broome Hornet Stickers

These pennant shaped stickers were designed by the college's MarCom department. Some of them feature the Hornet mascot wearing a graduation cap.

Student Village Acrylic Sign

This acrylic sign welcomes visitors to the Student Village. MarCom likely designed the sign before the building officially received student residents in August 2014 because it uses an architect's rendering of the building instead of a photograph.

Doug Garnar's 75th Anniversary Discussion

During Alumni Reunion 2022, Professor Emeritus Douglas Garnar spoke about the college's 75 year past to alumni. Watch on Youtube at: https://youtu.be/in1QJA5ujqE

State of New York Resolution for SUNY Broome's 75th Anniversary

The New York State Legislative body, after recapping the college's past accomplishments, concluded the Resolution by stating, "WHEREAS, Steeped in a proud and distinguished history, SUNY Broome Community College may look back with pride upon its humble beginnings, find just satisfaction in its purposeful growth and hold true of purpose in its commitment to serving the educational needs of its students...be it RESOLVED, That this Legislative Body pause in its deliberations to commemorate the 75th Anniversary of SUNY Broome Community College."

A representative of Assemblywoman Donna Lupardo delivered three copies of the Resolution to campus. Two were placed in the college's Archive room, and the third will belong to the Time Capsule.

75th Anniversary Photos with Binghamton University

75 years ago, both SUNY Broome and Binghamton University first opened their doors to the community. To mark the special occasion, SUNY Broome President Kevin Drumm and Binghamton University President Harvey Stenger were accompanied by Stinger the Hornet and Baxter the Bearcat to celebrate! The group gathered at the SUNY Broome Culinary & Event Center to reflect on their history and exchange stories while enjoying cake featuring their respective logos.

"We are so excited to be sharing this momentous milestone with our sister institution, Binghamton University," said Dr. Kevin Drumm. "You can't help but marvel at our achievements over the past 75 years. Tens of thousands of students and graduates have passed through our doors over these 75 years, and many through both institutions' doors thanks to our partnerships and transfer! We are so grateful for our relationship with Binghamton University and look forward to even more collaboration in the future."

"We're happy to share a birthday with SUNY Broome. Both schools have accomplished so much in 75 years. We hope to carry forward the partnerships we've built and continue to serve as two leading institutions of higher ed in the Southern Tier," said Dr. Harvey Stenger.

75th Anniversary Aerial Photos

In honor of SUNY Broome's 75th Anniversary, the College asked the campus community to come together to capture an aerial photograph making up a giant "75" on the Quad. Participants received a t-shirt featuring the unique 75th Anniversary logo to wear during the photo.

75th Anniversary Items

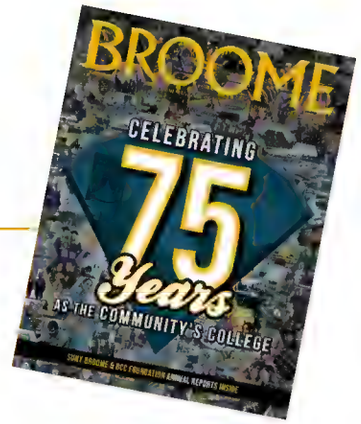
SUNY Broome celebrated our anniversary in 2021. Various items, such as mugs, notebooks, tote-bags, and coffee samples were customized for giveaways and events.

75th Anniversary T-Shirts were designed to assist in creating the giant "75" photo and given to participating students, faculty and staff, and alumni.

Item List:

- T-shirt
- Tote bag
- Coffee & mug
- Notebook

BROOME 75th Anniversary Edition



To celebrate the college's 75th anniversary, a special edition of the alumni magazine with a pull-out timeline of our history was produced. This edition won a Judges Citation Award in the Excellence on a Budget: Magazine category at the 2022 SUNY for University Advancement (SUNYCUAD) Awards for Excellence and a Best of CASE District II Award.

75 Faces of SUNY Broome

In honor of the anniversary of the college, the Marketing & Communications Department organized headshots of SUNY Broome employees - hoping to at least photograph 75 faces.

While all employees were invited, not every faculty or staff member was able to participate. Some additional photos were taken after this event.

Photographers were Ashley Blackwell (LAGS '04; ISAT '10), Matthew Ebbers (MUSS '15), and Sara Forbes (ARTS '17).

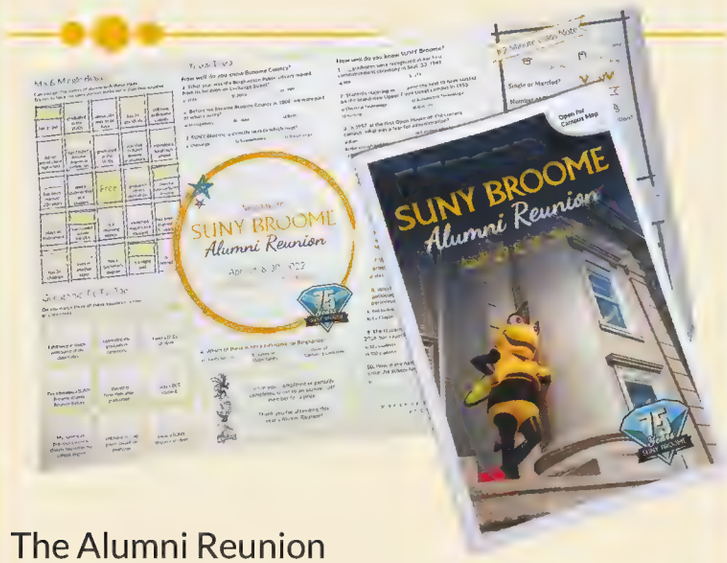
Row 18

2022 Alumni Weekend Items



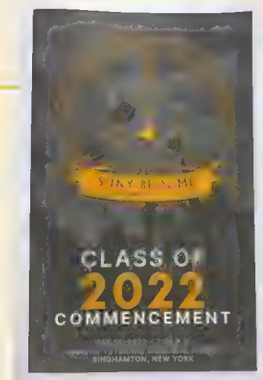
The Alumni Reunion 2022 Program included a list of events during Alumni Reunion weekend, a map of campus, a coupon for the campus store, and more.

The Alumni Reunion Class Note and Activity Sheet included a short section to submit a class note to exchange for a prize, a place to advise incoming students, and simple bingo, tic-tac-toe, and trivia games to play with their fellow Hornets.

2022 Graduation Card

Starting in 2019, the SUNY Broome Office of Alumni Affairs provided graduates with a congratulatory card from Dr. Drumm and their alumni card before the commencement ceremony.

2022 Commencement Program



The class of 2022 is notable as it was the first commencement ceremony to be back in the Visions Veterans Memorial Arena after two years of virtual graduations due to the COVID-19 pandemic. It was SUNY Broome's 73rd commencement ceremony.

2022 Student Village Brochure

The Marketing and Communications (MarCom) department designed this brochure for potential students and future on-campus residents. MarCom's drone took the photo on the cover.

Potential Integrations Between Binghamt
SUNY Broome

Binghamton University and SUNY Broome have begun to explore th
enhancing our existing partnerships by developing new integrations
Most importantly, SUNY Broome s Open Access mission would rema
enhanced relationship Our role as the community's college would be
providing added benefits to our strong regional workforce developme
employer partnerships.

Goals in these discussions between the college and university range
success and taking advantage of even stronger seamless transfer o
synergies and efficiencies between our administrative teams The pr
also provide a powerful market impact for SUNY Broome This woul
and offer exciting new, streamlined degree pathways to students

Further, the intent with an enhanced partnership is for all jobs to rem
opportunity to better serve our students through value-added integra
the most benefit to our community

As our discussions are still at a very early stage further information
progress SUNY Broome will be working closely with Binghamton Un
and communications We anticipate further details may be available
matters are complex and will take time to work through

A message from President Harvey Stenger

Dec. 1, 2022

Dear Members of the Binghamton University Community,

Over the past few months, Binghamton University has been in discussions to develop opportunities for increasing shared services as well as educational opportunities between Binghamton University and SUNY Broome Community College. Strengthening the partnership between our two institutions would build on the strong relationship we have developed over the past decades and would pay significant dividends for our campuses, students, county and state

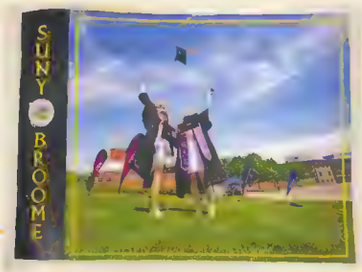
The past several years have been especially challenging for the community colleges in SUNY, including SUNY Broome. Over the past decade, SUNY's community colleges have seen enrollment decreases due in large part to the declining number of high school students in New York state. Since 2011, SUNY Broome's enrollment has dropped by 37%, while Binghamton University's enrollment has grown by 22%. As a result, SUNY Broome is facing significant fiscal challenges that would eventually result in reduced educational opportunities for students in the Southern Tier. At the same time, Binghamton University, while still attracting students, is seeing its pipeline of community college transfer students reduced, particularly from the Broome County area. Given these challenges, I believe that an integration of University and community college functions would have positive impacts on both institutions as well as the community And most of all, it would improve educational outcomes for transfer students, especially those coming from first-generation and underrepresented minority backgrounds.

An integration of our two campuses would have several positive results for both campuses, including:

- providing a clearer path for student transfers from SUNY Broome to Binghamton University, resulting in greater academic success for those students;
- increased efficiency in operations and administrative processes;
- greater utilization of space and facilities;
- lowering administrative costs through economy of scale;
- and, because of the strength of the Binghamton University brand, increased enrollment at the community college.

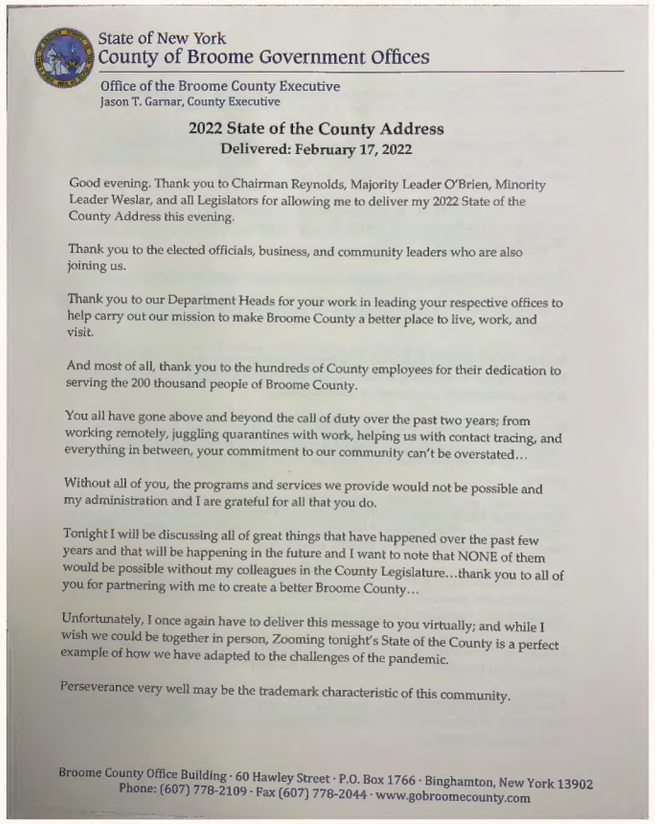
In December 2022, it was announced that Binghamton University and SUNY Broome have begun to explore the potential for significantly enhancing our existing partnerships by developing new integrations between the two institutions.

2022 Viewbook



Almost every year, the MarCom department creates a new viewbook to promote the college to possible future students. In this version from Spring 2022, the college estimated that tuition would cost $7,700 annually and compared that price to other standard higher education options.

State of the County Address



State of New York
County of Broome Government Offices

Office of the Broome County Executive
Jason T. Garnar, County Executive

2022 State of the County Address
Delivered: February 17, 2022

Good evening. Thank you to Chairman Reynolds, Majority Leader O'Brien, Minority Leader Weslar, and all Legislators for allowing me to deliver my 2022 State of the County Address this evening.

Thank you to the elected officials, business, and community leaders who are also joining us.

Thank you to our Department Heads for your work in leading your respective offices to help carry out our mission to make Broome County a better place to live, work, and visit.

And most of all, thank you to the hundreds of County employees for their dedication to serving the 200 thousand people of Broome County.

You all have gone above and beyond the call of duty over the past two years; from working remotely, juggling quarantines with work, helping us with contact tracing, and everything in between, your commitment to our community can't be overstated…

Without all of you, the programs and services we provide would not be possible and my administration and I are grateful for all that you do.

Tonight I will be discussing all of great things that have happened over the past few years and that will be happening in the future and I want to note that NONE of them would be possible without my colleagues in the County Legislature…thank you to all of you for partnering with me to create a better Broome County…

Unfortunately, I once again have to deliver this message to you virtually; and while I wish we could be together in person, Zooming tonight's State of the County is a perfect example of how we have adapted to the challenges of the pandemic.

Perseverance very well may be the trademark characteristic of this community.

Broome County Office Building · 60 Hawley Street · P.O. Box 1766 · Binghamton, New York 13902
Phone: (607) 778-2109 · Fax (607) 778-2044 · www.gobroomecounty.com

This State of the County Address was delivered on February 17, 2022 which talked about the setbacks caused by COVID and how they were resolved. The address also goes over the amount of miles of roads repaired in 2021 and teases "things you've never seen before at our Broome County Parks!"

2022-2023 Planner

A SUNY Broome-themed planner for students to keep track of class assignments and other activities.

2020s Marketing Materials

Miscellaneous promotional materials were created in the 2020s by the college's MarCom office and were used to promote opportunities at SUNY Broome.

Item List:

- Postcard for Parents
- Social Media Certificate Flyer
- Admissions Business Card

Kathy Connerton Bobble Head & Distinguished Citizen Award Pamphlet

The Baden-Powell Council of Boy Scouts of America recognized the CEO of Lourdes Hospital and SUNY Broome Board of Trustee's Chair, Kathyrn Connerton, as 2023's Broome County Distinguished Citizen Award on May 10, 2023.

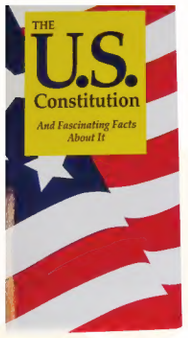
Connerton, a native of Broome County, told WBNG after her nomination that "It's hard for me to not cry. I really mean that sincerely because the list of people who have gotten it truly are giants in this community that have given so much. It's just an amazing feeling that people feel this way about you but its humbling."

The bobbleheads of Connerton were given to attendees, and Cathy Abashian Williams donated this one to the time capsule.

Admissions Office Contact Information Pennant

The Admissions Office handed these paper pennants out at college fairs, high schools, open houses, and other places where they interacted with possible future Hornets.

Miniature Copy of the Constitution



Stephen Ohl, a member of the Business Department, wanted to include a current copy of the US Constitution. Ohl feels that with the storming of the capital by American citizens on Jan. 6, 2021, it appears that American democracy may be on a ventilator. Ohl hopes that over the next 50 years, we can somehow heal the divisions in our amazing and wonderful country, and our constitution will fundamentally remain the law of the land.

3D Printed Hornet Key Chain

Joseph Kiesecker (MT '23) created this Stinger key chain on the college's 3D printer.

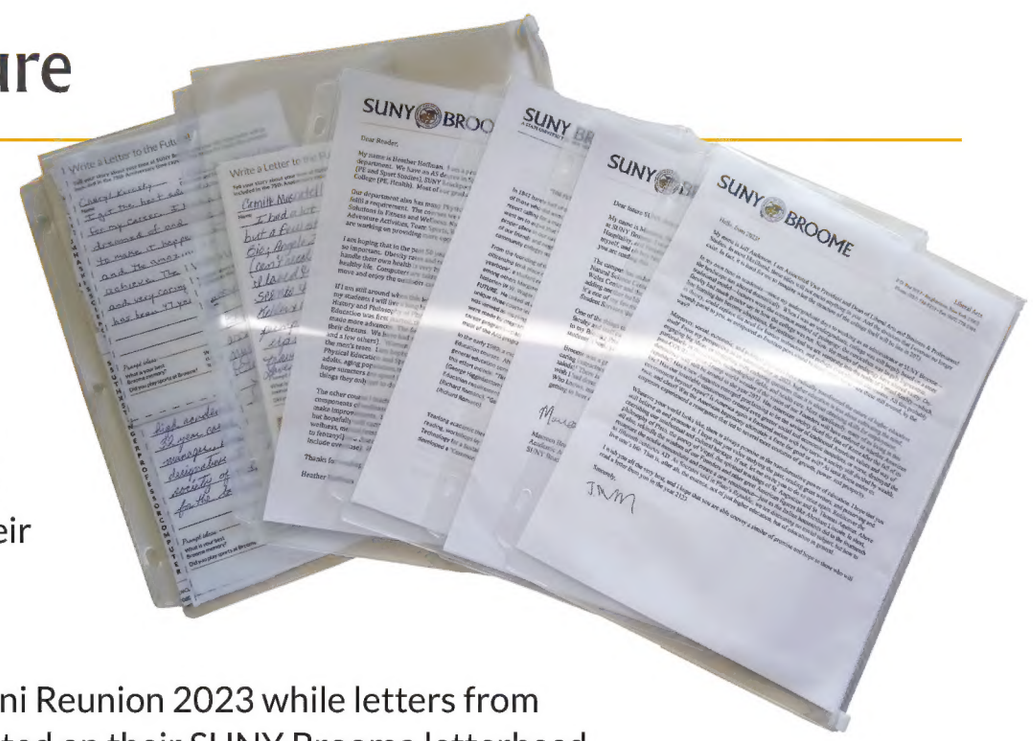
3D printers, invented in the 1980s, became more available to individuals in the 2010s.

Flag Banners

In 2023, SUNY Broome ordered these banners for the flag poles that line the college's streets, sidewalks, and parking lots. 3iGraphics, a business co-owned by alumnus Nick Taro (ITMT '95), produced them.

These particular four flags were never hung because they were created with white pole pockets instead of the preferred black pole pockets and were donated to the time capsule.

Letters to the Future



The committee for the Time Capsule invited alumni, faculty, staff, and community members to submit a letter to the future. They suggested describing life in 2023, their area of study or expertise, and any predictions for the future of the college, the region, the nation, or their profession.

Many letters from graduates were hand-written and collected at Alumni Reunion 2023 while letters from college employees tended to be printed on their SUNY Broome letterhead.

SUNY Broome Presidents

TYRRELL

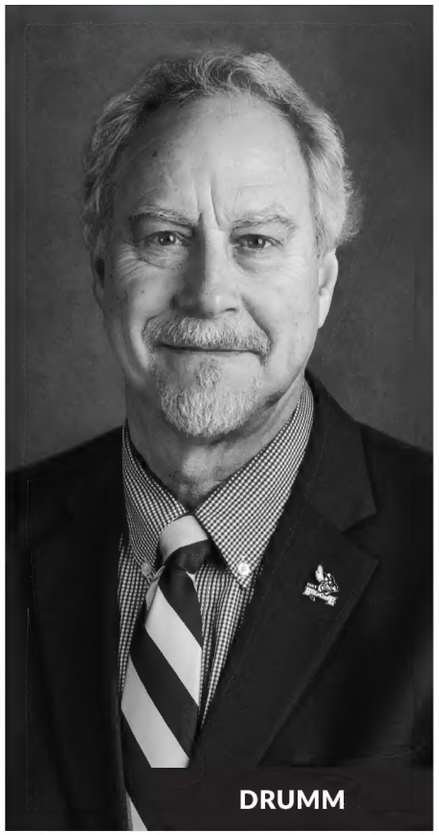
BLOMERLY

BEATTIE

DELLOW

SPRAGGS



DRUMM

First President **Cecil C. Tyrrell** • August 1946 - 1972

Second President **Sigmund A. Smith** • Feb. 1, 1973 - May 9, 1975

Third President **Peter Blomerly** • Feb. 1976 - July 1, 1979

Fourth President **Donald Beattie** • July 14, 1980 - March 1987

Fifth President **Dr. Donald A. Dellow** • March 15, 1988 - June 2003

Sixth President **Dr. Laurence Spraggs** • July 1, 2004 - June 30, 2008

Seventh President **Dr. Kevin E. Drumm** • Feb. 1, 2010 - June 2023

In June 2023, the college held a Time Capsule Ceremony as the final event related to celebrating SUNY Broome's 75th Anniversary. The ceremony, held in front of the Darwin R. Wales Center, featured speeches from politicians, college administrators, and employees. During the event, the college displayed the contents to be buried, the marking plaque, and the time capsule itself.

SUNY Broome created this Time Capsule Content Book to briefly cover the college's history and to provide an inventory and description of the items placed in the Time Capsule.

Back cover photos are of SUNY Broome employees, taken in honor of our 75th anniversary.
